COLLEGE OF ENGINEERING

DEPARTMENT OF SOFTWARE ENGINEERING

Software Configuration Management

Mini Project Assignment

Members	Role
1. Saron Abebe	Reviewer /(QA)
2. Sefina Kamile	SCM Manager
3. Selamawit Demissie	Documentation Manager
4. Solomon Abate	Developer
5. Yeabsira Molalign	Configuration Controller
6. Tsion Gashaw	Developer

Configuration Item Register

This Configuration Item (CI) Register identifies and tracks all major project artifacts for the Mini Event Registration System. Each configuration item is uniquely identified with a version number, assigned owner, category, and current status to ensure proper control, traceability, and accountability throughout the project lifecycle.

CI Name	Version	Owner	Category	Status
SCMP.md	v1.0	Documentation Manager	Document	Approved
CI-Register.md	v1.0	Documentation Manager	Document	Approved
README.md	v1.0	Documentation Manager	Document	Approved
login.html	v1.0	Developer 1	Source Code	Active
events.html	v1.0	Developer 2	Source Code	Active
events.json	v1.0	Developer 1	Data	Active
CR-Form.md	v1.0	Documentation Manager	Document	Approved
Change-Log.md	v1.0	Documentation Manager	Document	Active
Baseline-1.md	v1.0	SCM Manager	Document	Approved
Baseline-2.md	v1.0	SCM Manager	Document	Planned
Configuration-Audit.md	v1.0	QA / Reviewer	Document	Planned
